#### Officers 2007

Skipper: Kitty McGowan

First Mate: Nancy Chambers

Purser: Don Lindsay

Yeoman: Mark Brown

Bosún: Bill Johnson

Program Director: Dick Basom

SCC: Christopher Karentz

Activities Chairperson: Laura Sherrod

Historian: Kristine Lundblad

### MEMBER PROFILE— KRISTENE LUNDBLAD

Kristene was born and raised in Waukesha, Wisconsin. She moved to Baltimore, MD at the age of 17 to attend the

Maryland Institute College of Art, on a full scholarship. Eventually sunny South Florida called her and she transferred to the Art Institute of Ft. Lauderdale. She began working at Diversified Oil part time while in school. Little did she know that this part-time secretarial job would turn into a career. She has persevered through 3 changes of ownership during her tenure, the last being a buyout by Lank Oil Company. She now has over fifteen years in the business and has sat in many positions. From office manager to dispatcher to sales, Kristene has done it all (except drive the trucks)! She is currently the Director of Sales and Marketing as well as the head of the Marine Division. Lank Oil supplies fuel to many of your favorite marinas and mega yachts! They also provide fuel to many gas stations, construction sites and generators.

Kristene is proud to serve on the Board of Directors for the Boys

& Girls Clubs of Broward County. She is on the Davie Board, which oversees 3 clubs, including the new Admirals Club! She is a member of the Marina Mile 84 Assoc., MIAF and The Mariners Club.

Kristene is a very active equestrienne, showing her flashy black and white American Saddle bred at dozens of shows throughout the year. This past November they were named Grand Champion of the Western Pleasure division at the Challenge of Champions in Wellington, FL.

Kristene lives in Plantation, FL and is married to singer/songwriter Pete Andrew. He is in business for himself providing musical entertainment for corporate functions & private parties. They have a 6-year-old daughter named Jett.

Kristene has a bright future both personally and professionally. She is excited about being a new board member for the Mariners Club, serving as Historian, and looks forward to getting to know everyone just a little better this year!

### SAILOR'S TEASERS

#### MARINERS MEASUREMENTS

Q: How many feet in a fathom?

A: 6 feet.

Q: How many fathoms in a cable?

A: 120 fathoms.

Q: How many feet in a nautical mile?

A: 6,076 feet.

Q: How many nautical miles in a league?

A: 3 nautical miles.

Q: What is a Seaman's eye?

A: The ability to judge distances and maneuvers at sea. To have a good seaman's eye is the ambition of all professional sailors.

**Calling All hands:** The 2007 FLMC Board of Directors are planning fun things for this year and believe it or not, it is time to start thinking SEMINAR once again. Everyone will agree that the 2006 Seminar was a big success and this is due to the hard work of the Seminar Committee members who volunteer their personal time, effort and great knowledge to produce this very special event. Several of our long time club members have been dedicated to our Seminar for so many years they have lost count but as each year passes new crew continue to

sign on too. Being on the Seminar Committee is fun (as I have found out), yes it is hard work, but at the end of the day you feel like you have helped accomplish something good for our organization. Those of you who are key elements of our Seminar know who you are and we look forward to working together once again. Anyone wishing to participate at any level should contact me directly by phone or e-mail. Please sign up now if you desire to be a part of this process. Contact: Christopher Karentz, 2007 Seminar Chairperson, 305 372 9044, [ckarentz@houckanderson.com](mailto:ckarentz@houckanderson.com)

## Fort Lauderdale Mariners Club

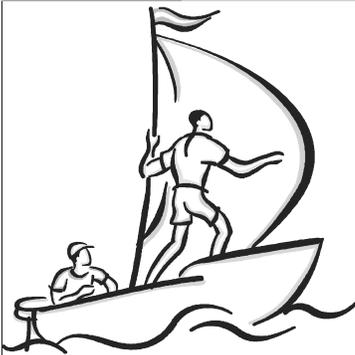

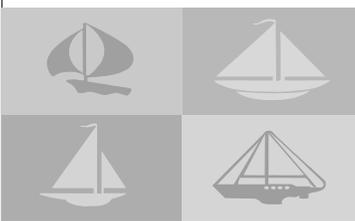

### About Us

The Fort Lauderdale Mariners Club is dedicated to the promotion of ethical business practices among the seagoing community as well as the circulation of accurate and useful information to the boating community. Our membership includes both professional and leisure boating enthusiasts as well as industry experts and professionals in many disciplines from around the world.

### Join Us

To join, please attend a monthly meeting as a guest of a member (a maximum of two meetings as a guest). If you wish to join, request an application form from an officer, complete it and mail it with your check for \$50.00 to the Mariners Club for consideration by the membership committee. Two sponsors are required. We welcome your interest in the Mariners Club and invite you to become an active member to the benefit of each of us individually and all of us as a community.

If you do not yet know an active member, contact Nancy Chambers, 954-524-2733, [nancy@miasf.org](mailto:nancy@miasf.org)

Michael Abbott  
 1445 SE 16th Street  
 Fort Lauderdale, FL 33316

## ADMIRALS BOYS & GIRLS CLUB MARINE ACADEMY

The Admirals Boys & Girls Club Marine Academy opened in January 2007 to youth members between the ages of 13 and 20. All registered members will be able to utilize the facility to enjoy social, recreational, athletic and leadership opportunities daily. They will also be able to choose programs from marine related fields where they will gain skills and a greater understanding of career options and educational requirements.

Admirals Club members will have more opportunity, more exposure and more support than most teen programs. The Club staff and program instruc-

tors are committed to each member's overall success and satisfaction. Field trips will allow first hand experiences in a variety of marine trades, and as they progress, members will have opportunity to link with community businesses who express interest in job shadowing and/or internships.

Members who express a keen desire to continue their educational careers in technical schools or on college campuses will have dedicated adults to help guide them. In choosing to transition from the Admirals Club to McFatter Technical or another higher learning facility, our youth will have a greater understanding

and be better prepared for the expectations and needs of the marine industry. Our job is to educate and allow teens to explore, discover and envision future possibilities they never imagined.

The Boys & Girls Clubs of Broward County serve over 12,000 young people between the ages of 7 and 20 throughout Broward County. The Admirals Boys & Girls Club Marine Academy is an exceptional one of a kind partnership between the Boys & Girls Clubs of Broward County, McFatter Technical Center, the Town of Davie, the Marine Industries Association of South Florida, Broward Community College and our outstanding marine industry leaders.

First Mate: Nancy Chambers

Purser: Don Lindsay

Yeoman: Mark Brown

Bosun: Bill Johnson

Program Director: Dick Basom

SCC: Christopher Karentz

Activities Chairperson: Laura Sherrod

Historian: Kristine Lundblad

### MEMBER PROFILE— KRISTENE LUNDBLAD

Kristene was born and raised in Waukesha, Wisconsin. She moved to Baltimore, MD at the age of 17 to attend the

Maryland Institute College of Art, on a full scholarship. Eventually sunny South Florida called her and she transferred to the Art Institute of Ft. Lauderdale. She began working at Diversified Oil part time while in school. Little did she know that this part-time secretarial job would turn into a career. She has persevered through 3 changes of ownership during her tenure, the last being a buyout by Lank Oil Company. She now has over fifteen years in the business and has sat in many positions. From office manager to dispatcher to sales, Kristene has done it all (except drive the trucks)! She is currently the Director of Sales and Marketing as well as the head of the Marine Division. Lank Oil supplies fuel to many of your favorite marinas and mega yachts! They also provide fuel to many gas stations, construction sites and generators.

Kristene is proud to serve on the Board of Directors for the Boys

& Girls Clubs of Broward County. She is on the Davie Board, which oversees 3 clubs, including the new Admirals Club! She is a member of the Marina Mile 84 Assoc., MIAF and The Mariners Club.

Kristene is a very active equestrienne, showing her flashy black and white American Saddle bred at dozens of shows throughout the year. This past November they were named Grand Champion of the Western Pleasure division at the Challenge of Champions in Wellington, FL.

Kristene lives in Plantation, FL and is married to singer/songwriter Pete Andrew. He is in business for himself providing musical entertainment for corporate functions & private parties. They have a 6-year-old daughter named Jett.

Kristene has a bright future both personally and professionally. She is excited about being a new board member for the Mariners Club, serving as Historian, and looks forward to getting to know everyone just a little better this year!

### SAILOR'S TEASERS

#### MARINERS MEASUREMENTS

Q: How many feet in a fathom?

A: 6 feet.

Q: How many fathoms in a cable?

A: 120 fathoms.

Q: How many feet in a nautical mile?

A: 6,076 feet.

Q: How many nautical miles in a league?

A: 3 nautical miles.

Q: What is a Seaman's eye?

A: The ability to judge distances and maneuvers at sea. To have a good seaman's eye is the ambition of all professional sailors.

**Calling All hands:** The 2007 FLMC Board of Directors are planning fun things for this year and believe it or not, it is time to start thinking SEMINAR once again. Everyone will agree that the 2006 Seminar was a big success and this is due to the hard work of the Seminar Committee members who volunteer their personal time, effort and great knowledge to produce this very special event. Several of our long time club members have been dedicated to our Seminar for so many years they have lost count but as each year passes new crew continue to sign on too. Being on the Seminar Committee is fun (as I have found out), yes it is hard work, but at the end of the day you feel like you have helped accomplish something good for our organization. Those of you who are key elements of our Seminar know who you are and we look forward to working together once again. Anyone wishing to participate at any level should contact me directly by phone or e-mail. Please sign up now if you desire to be a part of this process. Contact: Christopher Karentz, 2007 Seminar Chairperson, 305 372 9044, [ckarentz@houckanderson.com](mailto:ckarentz@houckanderson.com)

## Fort Lauderdale Mariners Club

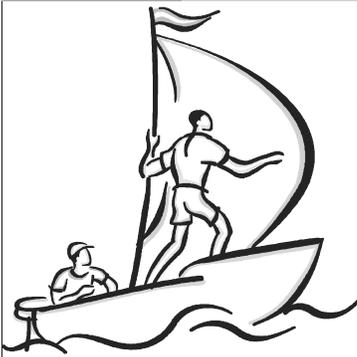

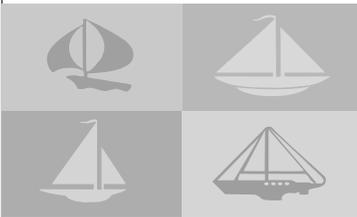

### About Us

The Fort Lauderdale Mariners Club is dedicated to the promotion of ethical business practices among the seagoing community as well as the circulation of accurate and useful information to the boating community. Our membership includes both professional and leisure boating enthusiasts as well as industry experts and professionals in many disciplines from around the world.

### Join Us

To join, please attend a monthly meeting as a guest of a member (a maximum of two meetings as a guest). If you wish to join, request an application form from an officer, complete it and mail it with your check for \$50.00 to the Mariners Club for consideration by the membership committee. Two sponsors are required. We welcome your interest in the Mariners Club and invite you to become an active member to the benefit of each of us individually and all of us as a community.

If you do not yet know an active member, contact Nancy Chambers, 954-524-2733, nancy@miasf.org

David Allen  
 901 SE 17 Street, Suite 209  
 Fort Lauderdale, FL 33316

## ADMIRALS BOYS & GIRLS CLUB MARINE ACADEMY

The Admirals Boys & Girls Club Marine Academy opened in January 2007 to youth members between the ages of 13 and 20. All registered members will be able to utilize the facility to enjoy social, recreational, athletic and leadership opportunities daily. They will also be able to choose programs from marine related fields where they will gain skills and a greater understanding of career options and educational requirements.

Admirals Club members will have more opportunity, more exposure and more support than most teen programs. The Club staff and program instruc-

tors are committed to each member's overall success and satisfaction. Field trips will allow first hand experiences in a variety of marine trades, and as they progress, members will have opportunity to link with community businesses who express interest in job shadowing and/or internships.

Members who express a keen desire to continue their educational careers in technical schools or on college campuses will have dedicated adults to help guide them. In choosing to transition from the Admirals Club to McFatter Technical or another higher learning facility, our youth will have a greater understanding

and be better prepared for the expectations and needs of the marine industry. Our job is to educate and allow teens to explore, discover and envision future possibilities they never imagined.

The Boys & Girls Clubs of Broward County serve over 12,000 young people between the ages of 7 and 20 throughout Broward County. The Admirals Boys & Girls Club Marine Academy is an exceptional one of a kind partnership between the Boys & Girls Clubs of Broward County, McFatter Technical Center, the Town of Davie, the Marine Industries Association of South Florida, Broward Community College and our outstanding marine industry leaders.

She has persevered through 3 changes of ownership during her tenure, the last being a buyout by Lank Oil Company. She now has over fifteen years in the business and has sat in many positions. From office manager to dispatcher to sales, Kristene has done it all (except drive the trucks)! She is currently the Director of Sales and Marketing as well as the head of the Marine Division. Lank Oil supplies fuel to many of your favorite marinas and mega yachts! They also provide fuel to many gas stations, construction sites and generators.

Kristene is proud to serve on the Board of Directors for the Boys

& Girls Clubs of Broward County. She is on the Davie Board, which oversees 3 clubs, including the new Admirals Club! She is a member of the Marina Mile 84 Assoc., MIAF and The Mariners Club.

Kristene is a very active equestrienne, showing her flashy black and white American Saddle bred at dozens of shows throughout the year. This past November they were named Grand Champion of the Western Pleasure division at the Challenge of Champions in Wellington, FL.

Kristene lives in Plantation, FL and is married to singer/songwriter Pete Andrew. He is in business for himself providing musical entertainment for corporate functions & private parties. They have a 6-year-old daughter named Jett.

Kristene has a bright future both personally and professionally. She is excited about being a new board member for the Mariners Club, serving as Historian, and looks forward to getting to know everyone just a little better this year!

### SAILOR'S TEASERS

#### MARINERS MEASUREMENTS

Q: How many feet in a fathom?

A: 6 feet.

Q: How many fathoms in a cable?

A: 120 fathoms.

Q: How many feet in a nautical mile?

A: 6,076 feet.

Q: How many nautical miles in a league?

A: 3 nautical miles.

Q: What is a Seaman's eye?

A: The ability to judge distances and maneuvers at sea. To have a good seaman's eye is the ambition of all professional sailors.

**Calling All hands:** The 2007 FLMC Board of Directors are planning fun things for this year and believe it or not, it is time to start thinking SEMINAR once again. Everyone will agree that the 2006 Seminar was a big success and this is due to the hard work of the Seminar Committee members who volunteer their personal time, effort and great knowledge to produce this very special event. Several of our long time club members have been dedicated to our Seminar for so many years they have lost count but as each year passes new crew continue to sign on too. Being on the Seminar Committee is fun (as I have found out), yes it is hard work, but at the end of the day you feel like you have helped accomplish something good for our organization. Those of you who are key elements of our Seminar know who you are and we look forward to working together once again. Anyone wishing to participate at any level should contact me directly by phone or e-mail. Please sign up now if you desire to be a part of this process. Contact: Christopher Karentz, 2007 Seminar Chairperson, 305 372 9044, [ckarentz@houckanderson.com](mailto:ckarentz@houckanderson.com)

## Fort Lauderdale Mariners Club

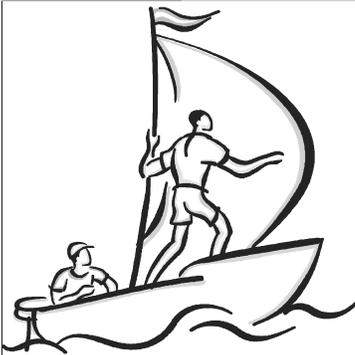

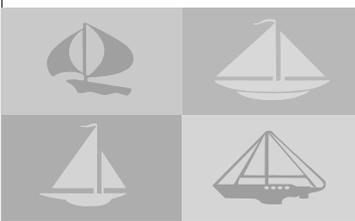

### About Us

The Fort Lauderdale Mariners Club is dedicated to the promotion of ethical business practices among the seagoing community as well as the circulation of accurate and useful information to the boating community. Our membership includes both professional and leisure boating enthusiasts as well as industry experts and professionals in many disciplines from around the world.

### Join Us

To join, please attend a monthly meeting as a guest of a member (a maximum of two meetings as a guest). If you wish to join, request an application form from an officer, complete it and mail it with your check for \$50.00 to the Mariners Club for consideration by the membership committee. Two sponsors are required. We welcome your interest in the Mariners Club and invite you to become an active member to the benefit of each of us individually and all of us as a community.

If you do not yet know an active member, contact Nancy Chambers, 954-524-2733, nancy@miasf.org

 590 11th Avenue  
 Vero Beach, FL 32962

## ADMIRALS BOYS & GIRLS CLUB MARINE ACADEMY

The Admirals Boys & Girls Club Marine Academy opened in January 2007 to youth members between the ages of 13 and 20. All registered members will be able to utilize the facility to enjoy social, recreational, athletic and leadership opportunities daily. They will also be able to choose programs from marine related fields where they will gain skills and a greater understanding of career options and educational requirements.

Admirals Club members will have more opportunity, more exposure and more support than most teen programs. The Club staff and program instruc-

tors are committed to each member's overall success and satisfaction. Field trips will allow first hand experiences in a variety of marine trades, and as they progress, members will have opportunity to link with community businesses who express interest in job shadowing and/or internships.

Members who express a keen desire to continue their educational careers in technical schools or on college campuses will have dedicated adults to help guide them. In choosing to transition from the Admirals Club to McFatter Technical or another higher learning facility, our youth will have a greater understanding

and be better prepared for the expectations and needs of the marine industry. Our job is to educate and allow teens to explore, discover and envision future possibilities they never imagined.

The Boys & Girls Clubs of Broward County serve over 12,000 young people between the ages of 7 and 20 throughout Broward County. The Admirals Boys & Girls Club Marine Academy is an exceptional one of a kind partnership between the Boys & Girls Clubs of Broward County, McFatter Technical Center, the Town of Davie, the Marine Industries Association of South Florida, Broward Community College and our outstanding marine industry leaders.

First Mate: Nancy Chambers

Purser: Don Lindsay

Yeoman: Mark Brown

Bosun: Bill Johnson

Program Director: Dick Basom

SCC: Christopher Karentz

Activities Chairperson: Laura Sherrod

Historian: Kristine Lundblad

### MEMBER PROFILE— KRISTENE LUNDBLAD

Kristene was born and raised in Waukesha, Wisconsin. She moved to Baltimore, MD at the age of 17 to attend the

Maryland Institute College of Art, on a full scholarship. Eventually sunny South Florida called her and she transferred to the Art Institute of Ft. Lauderdale. She began working at Diversified Oil part time while in school. Little did she know that this part-time secretarial job would turn into a career. She has persevered through 3 changes of ownership during her tenure, the last being a buyout by Lank Oil Company. She now has over fifteen years in the business and has sat in many positions. From office manager to dispatcher to sales, Kristene has done it all (except drive the trucks)! She is currently the Director of Sales and Marketing as well as the head of the Marine Division. Lank Oil supplies fuel to many of your favorite marinas and mega yachts! They also provide fuel to many gas stations, construction sites and generators.

Kristene is proud to serve on the Board of Directors for the Boys
